

# Taxation of Charities and Not-for-profits

Ann O'Connell

How charitable and not-for-profit (NFP) entities are taxed in Australia

## Features

- Authoritative and accessible discussion of complex and inconsistent treatment of different types of tax entities
- Enables provision of quicker, less costly and better guidance to the NFP sector
- Written in plain English for the increasingly skilled volunteer directors and management staff of NFP organisations who may not spend their lives immersed in tax law but need to to dip into it occasionally
